

Hostel 3, Pune
21st July 1983

Dear Papa and Aai,

I reached Pune safely. The College of Engineering is huge and old, with stone buildings and a big ground. My room-mate is Suresh from Nagpur, he snores but he is good at physics.

Classes start at eight. The mess food is not like Aai's, please send some ladoos.

Papa, the lathe workshop is the best thing I have ever seen. I think I want to build machines.

Your son,

Arun
