

Goregaon, Bombay

12th June 1990

Dear Arun,

Your letter about the new job made your mother cry and your father very proud. Design engineer at a machine tools company, with a salary three times what I earned when I started! Do your work honestly and the rest will follow.

I have three more years before I retire from the railway. Your mother wants to visit Indore and see the sea in Goa, in that order.

Come home for Ganpati. Bring your friend Anjali if she can come.

Your Papa,

Mohan
